VINHEDO CAMPUS

Vinhedo Campus

The city of Vinhedo was chosen as home to Latin America's largest data center campus. Near the city of São Paulo (approx. 44 miles), it enjoys a central and strategic location, with easy access to major highways and airports.

The campus currently has two data centers with 61MW capacity per unit and 485,000 sq ft of total space. In addition to the high quality and redundancy of the infrastructure, the data centers offer excellence in connectivity, with a dedicated fiber optic network or connection with carriers.
